

{{LEAD_PARAGRAPH}} — *A short opening paragraph that orients the reader, written in warm, intimate tone, referencing her specific placements before diving into the section's deeper material.*

✦ **{{SUBSECTION_HEADING}}**

{{BODY_PARAGRAPH}} Body copy at 11.5pt Cormorant Garamond on 1.55 leading sits comfortably in the 5-inch column. Justified with hyphenation enabled. Replace this token with the model's chapter prose. Allow paragraphs to flow naturally; do not force breaks.

Continued body paragraph. The template's safe area gives 8 inches of vertical text space, comfortably fitting roughly 36–40 lines per page at this size. When generated text exceeds one page, duplicate this layout block and continue.

✦ **{{SUBSECTION_HEADING}}**

- ★ **{{BULLET_1}}** — a key insight or affirmation tied to a specific placement.
- ★ **{{BULLET_2}}** — another short, scannable line.
- ★ **{{BULLET_3}}**

A closing paragraph that ties the section back to the reader's broader chart synthesis, creating continuity between subsections.
